You could drive an awful lot of miles and not find as stout of a half-blood Simmental as this one right here.

**93**

Theobald 969 son x Hotmail

Spring 2007 • Bred heifer  
 AI 5-30-08 to Smokin' Joe

**96**

Theobald 969 x Bon View Design 878

Spring 2007 • Bred heifer  
 AI 6-1-08 to Duff's New Attraction  
**Consigned by Ryan Brothers**

A fault-free Theobald daughter that has been a favorite since the day she arrived. Backed by one of the best Angus cows in our herd, this heifer has the genetics to raise some great females. This heifer has been Scott's pick since day one.

**97**

CRCC Jigsaw x Comm. Angus

**98**

Jigsaw x Simm/Angus

Spring 2002 • Bred cow  
 AI 4-26-08 to Hollywood  
**Consigned by Campbell Cattle Co.**

Jigsaw is producing some of the top females for us, and when mated to an Angus cow that traces back to the Bertelson herd, we find this one right at the top. This fault-free female has all the right parts to raise a great one.

99

Aftershock x Angus

Spring 2006 x Bred Heifer  
AI 6-8-08 to Smokin' Joe  
**Consigned by Danner Cattle**

This good Aftershock cow is out of a great Angus cow. We've kept every one of her sisters, but wanted to be sure you were going to be able to make money, so we decided to let her slip away.

100

6807 x Comm. Angus

Spring 2004 • Bred cow  
AI 7-6-08 to Sight Unseen  
**Consigned by Campbell Cattle Co.**

An absolute beauty of an Angus cow, bred to our Sight Unseen bull.

101

6807 x Angus

Spring 2001 • Bred cow  
AI 6-20-08 to Polygraph  
**Consigned by Campbell Cattle Co.**

Consistency in her history. We have kept 3 of her daughters as replacements in our herd, and yet she is stout enough to make steers.

102

Platinum x Simm/Angus

Spring 2001 • Bred cow  
AI 6-2-08 to Carnac  
**Consigned by Campbell Cattle Co.**

This cow has done a great job for us. Now it is your turn to let her produce marketable offspring for your operation.

103

DJ Salute x Angus

Spring 2006 • Bred cow  
AI 7-14-08 to Who Made Who  
**Consigned by Danner Cattle**

Don't just look at this female. Don't just look at her pedigree. Look at both! She is an amazing female out of a bull that works great and a cow that has earned the right to be buried on the hill by the old oak tree.

104

Hotline x Simm/Angus

Spring 2005 • Bred cow  
AI 5-18-08 to Manchild  
**Consigned by Campbell Cattle Co.**

She ties together extra stoutness with yak hair. She offers the key parts to a successful equation.

**IO5**

Friction x Fear This

Spring 2005 • Bred cow  
AI 5-8-08 to Sight Unseen

**Low-percentage Maine** This one is awfully cool. Should make some waves within her breed.

Friction x DJ Salute

March 2008 • Open heifer  
**Consigned by Danner Cattle**

Her full sister won Grand Heifer at the Arkansas State Fair in 2007. Her mother is one of those great Salutes. Not only should she be a great show prospect, the cow potential is endless!

**IO8**

Hard Core x Ali

March 2008 • Open Heifer  
**Consigned by Winston Story**

Show her to the feed bucket, step back, and watch her mature. She has a ton of potential!

**IO9**

Paddy O'Malley x Lucky

March 2008 • Open Heifer  
**Consigned by Danner Cattle**

The cow she is out of is a no-miss donor! We purchased this cow a few years back from Bob Duis and have enjoyed her stay. Lucky has raised the grand steer at the Kansas Beef Expo, and last year produced one of our high-sellers that Bob May purchased and resold. You might want to keep this one when her show career is over.

**H10**

Heat Wave 1 x Aftershock  
March 2008 • Open heifer  
**Consigned by Danner Cattle**

Here is one soft-middled, big hipped, stout boned, good haired heifer. The hair is in her pedigree. Her mother is the hairiest Aftershock we have ever raised, and her grandmother is by far the shaggiest commercial Angus cow on the farm.

**H11**

Ali x Maine Break  
April 2008 • Open heifer

This one is made as nice as you can put one together. Just give her time!

115

Ali x Full Britches

February 2008 • Open heifer  
**Consigned by Winston Story**

You had better look here. The picture doesn't do her justice. She's too tame! Think... this high-percentage Maine heifer is deep, thick, stout, and good haired. Now just think about that head up on a halter.

116

Hannibal x Heat Wave

March 2008 • Open heifer  
**Consigned by Line & Campbell**

One of the favorites when she hit the ground. We all know the success these females can experience in the ring.

A super soggy-made female. She has tons of potential as you look to the future.

118

She should find her way to the backdrop! Smooth, sound, and hairy!
